

## **Future Leaders Club**

### **Environmental Policy**

Future Leaders Club is dedicated to protecting the environment by reducing pollution, emissions, and waste.

Staff are trained on conserving raw materials, supplies, and energy during induction and meetings. We educate children on environmental issues through discussions, projects, and daily activities.

Our 'eco code' includes:

- Reusing and recycling waste with accessible recycling bins.
- Switching off lights when not in use and using energy-saving bulbs.
- Turning off electrical equipment at the power source when not in use.
- Not wasting water and turning off taps after use.
- Avoiding littering.
- Planning outings to minimize vehicle use and utilizing public transport when possible.

This policy was adopted by: Future Leaders Club	Date: May 2025
To be reviewed: May 2026	Signed: Dr Edwin T Mutambanengwe, Club Manager
